ARCHITECTURAL REVIEW FORM**

NAME _____	PHONE # _____	DATE _____
ADDRESS _____		LOT # _____

ALL 4 of the following items must be satisfactorily completed before this request will be considered a proper submittal and reviewed by the Architectural Review Committee.

___1. Give an accurate description of the work proposed. Include materials, colors, preservation techniques, structural details, similarities to existing structures, anything that will help describe what the final work will look like. Use additional sheets if necessary.

Start Date _____ Completion Date _____

___2. Attach a "TOP DOWN" view. (This is best accomplished by making a copy of your lot survey and marking your change with a colored pen or marker.)

___3. Attach as many elevations (side views) of the proposed work to accurately describe it to the Architectural Review Committee.

___4. The signature of each homeowner whose land is adjacent to yours or will be visually impacted. These signatures merely acknowledge that the adjacent homeowners have been shown the proposed request, and in no way indicated approval. Any homeowners may submit anonymous written comments or come in person to the Architectural Review Committee meeting to voice their opinion.
